Address: Chittagong, Bangladesh

Contact: +8801775390977

Website: <http://ahnafabir.tk>

---

Hello, my name is **Ahnaf Abir**. I'm a web developer. I always use modern technology to develop websites. For the front-end I use **React Js**, Material UI, React-Bootstrap and for the back-end I use **Node Js**, Express Js, **MongoDB**. Currently, I'm leaning **React Native** to build Mobile Applications.

## SKILLS

---

Frameworks/Libraries: React Js, Node Js, Express Js, Bootstrap, React Native

Language: JavaScript, HTML, CSS

Tools: Firebase, Netlify, Heroku, VS Code

Database: MongoDB

Versioning: Git, GitHub

## PROJECTS

---

### ❖ Dr Driving – Learn Driving

Technology: React Js, Node Js, Express Js, MongoDB

Features:

- Google Authentication System
- Stripe Payment Gateway to buy driving courses

### Complete Web Development with Jhankar Mahbub

#### Web Development | Batch 3

Jhankar Mahbub is one of the best programmers of Bangladesh. Recently, he has started a web development course. I am a student of 3<sup>rd</sup> batch of this course. I've successfully finished this website with a very good result. My average marks were **58.09** out of 60. Some important things I've learned are given below –

- HTML, CSS, JavaScript
- React.js, Node.js, MongoDB
- Material UI, Bootstrap
- Problem Solving, Rest API
- Git, GitHub
