Address: Chittagong, Bangladesh

Contact: +8801775390977

Website: https://ahnaf-abir.web.app

Hello, my name is **Ahnaf Abir**. I'm a web developer. I always use modern technology to develop websites. For the front-end I use **React Js**, Material UI, React-Bootstrap and for the back-end I use **Node Js**, Express Js, **MongoDB**. Currently, I'm leaning **React Native** to build Mobile Applications.

SKILLS

Frameworks/Libraries: React Js, Node Js, Express Js, Bootstrap, React Native
Language: JavaScript, HTML, CSS
Tools: Firebase, Netlify, Heroku, VS Code
Database: MongoDB
Versioning: Git, GitHub

PROJECTS

❖ Dr Driving – Learn Driving

Technology: React Js, Node Js, Express Js, MongoDB
Features:
- Stripe Payment Gateway to buy driving courses
- Different User Role – Buyers and Admin
- Order status (pending, ongoing, done) can be changed by admin
- Review can be given and will be added on home page automatically
- Course can be added by only Admins with proper information and photo

CERTIFICATE

Complete Web Development with Jhankar Mahbub
Web Development | Batch 3

Jhankar Mahbub is one of the best programmers of Bangladesh. Recently, he has started a web development course. I am a student of 3rd batch of this course. I've successfully finished this course with a very good result. My average marks were **58.09** out of 60. Some important things I've learned are given below –

- HTML, CSS, JavaScript
- React.js, Node.js, MongoDB
- Material UI, Bootstrap
- Problem Solving, Rest API
- Git, GitHub
